## EXPRESS RATES ARE RADICALLY REDUCED

PACKAGES COSTING \$1.10 FROM OMAHA TO DULUTH NOW COST BUT 63 CENTS.

(By Burton K. Standish, written for the United Press.)

WASHINGTON, Jan. 14.—It took \$1.10 to send a 20-pound package from Omaha, Nebraska, to Duluth, Minn., by express one year ago; today the same package could be sent by parcel post for 63 cents, and beginning the first day of next month it may be expressed for 46 cents.

Should the package weight but 10 pounds the new rate would be the same, 43 cents, by either route but smaller packages will thereafter be cheaper by parcel post. No railroad rate war of boom days showed a more vigorous slashing of rates, and though the cut in express tariffs is to be made at the order of the Interstate Commerce Commission there are many stockholders who believe it the only way to successfully compete with Uncle Sam's new system. The first assistant postmaster general insists that his department is merely trying to carry out the law as passed by congress, but the parcel post rates which went into effect January 1, 1913, would make it appear to the outsider that the department had anticipated the coming out in express rates and had "beaten them to it." Here are the figures for packages of different weights:

Chicago to Indianapolis—zone 2; wt. 7 lbs.; old P. P. 30c; new P. P. 11c; new ex. 25c; old ex. 45c.  
Chicago to Indianapolis—zone 2; wt. 50 lbs.; old P. P. 1.10; new P. P. 52c; new ex. 60c; old ex. \$1.00.  
Topeka to St. Louis—zone 3; wt. 7 lbs.; old P. P. 37c; new P. P. 18c; new ex. 53c; old ex. 60c.  
Topeka to St. Louis—zone 3; wt. 20 lbs.; old P. P. 1.10; new P. P. 44c; new ex. 56c; old ex. 85c.  
Jacksonville to Louisville—zone 4; wt. 7 lbs.; old P. P. 44c; new P. P. 31c; new ex. 41c; old ex. 90c.  
Jacksonville to Louisville—zone 4; wt. 20 lbs.; old P. P. 1.10; new P. P. 52c; new ex. 79c; old ex. \$1.30.  
Chicago to New York—zone 5; wt. 7 lbs.; old P. P. 51c; new P. P. 44c; new ex. 55c; old ex. 70c.  
Chicago to New York—zone 5; wt. 20 lbs.; old P. P. 1.10; new P. P. 1.22; new ex. 64c; old ex. \$1.00.  
Augusta, Mo., to Topeka—zone 6; wt. 7 lbs.; old P. P. 64c; new P. P. 57c; new ex. 48c; old ex. \$1.00.  
Augusta, Mo., to Topeka—zone 6; wt. 20 lbs.; old P. P. 1.10; new P. P. \$1.61; new ex. \$1.00; old ex. \$1.65.  
Nashville to Los Angeles—zone 7; wt. 7 lbs.; old P. P. 71c; new P. P. 71c; new ex. 81c; old ex. \$1.00.  
Nashville to Los Angeles—zone 7; wt. 20 lbs.; old P. P. 1.10; new P. P. \$2.01; new ex. \$1.93; old ex. \$2.75.  
Washington to San Francisco—zone 8; wt. 7 lbs.; old P. P. 84c; new P. P. 81c; new ex. 91c; old ex. \$1.05.  
Washington to San Francisco—zone 8; wt. 20 lbs.; old P. P. 1.10; new P. P. \$2.22; new ex. \$2.22; old ex. \$2.65.

The new parcel post rate in zones one and two went into effect last August and besides making the rate the same in both zones it allowed 50-pound packages to be carried therein. The order effective January 1 made a reduction in zones 3 to 6 inclusive and provided that 20 pound packages might be carried therein and in zones seven and eight also.

As the express rates have been fixed regardless of postal zones the above table will not apply exactly to every case but it shows, in a general way, that heavy packages and long hauls will go cheaper by express while small packages and short hauls are lower when sent by parcel post.

## DUAL WOOLER SEEKS JAIL.

Engaged to Woman and Her Niece, Corsetmaker Finds Grief.

PARIS, Jan. 14.—An elderly corsetmaker of Fiers, a town in the northwest of France, engaged at the same time to a woman, aged 46, and her niece, aged 15, pleaded to be imprisoned as a way out of his dilemma.

To the aunt he had been engaged for many years, and it was at her request that he took the niece as an apprentice in his business. Soon afterwards he promised to marry the girl. When the aunt heard of this she announced her intention of throwing vitriol over her faithless lover, and the frightened corsetmaker thereupon renewed his vows to her.

This news was conveyed to the niece. The girl bitterly reproached the corsetmaker and scratched and beat him. Then the man sought the protection of the police. "Look me up," he cried. "I am as afraid of the niece as the aunt. Whichever of them I marry the other will kill me. Only in prison shall I be safe."

But all the magistrate could do for the harassed corsetmaker was to detain him two fiances at the courthouse for five minutes while he got safely away.

## HOMELY WIFE WANTED.

But She Must Have Cash to Make Up for Defects.

NEW YORK, Jan. 14.—"Gentleman wishes to meet homely lady having a little capital, with a view to matrimony."

To this advertisement in a Yonkers newspaper, Ralph Herman, a bachelor, aged 30, of No. 34 Riverside avenue, Yonkers, said that he had received dozens of replies, and that he intended to make a selection soon, and have the knot tied.

Herman, who is connected with a weekly publication in New York, said he wanted a wife with enough money to set him up in the printing business. "Two or three that answered my 'ad' have money, and are anxious to marry me," he said. "I want a homely wife, who will be practical and stay at home and not think about society. I couldn't find the kind I wanted in New York, so I came to Yonkers, and I intend to live here after I get married."

Here's a reply Herman received from a Yonkers woman: "I have been looking as I thought, in vain, for a man who would appreciate my wealth and forget my homeliness, and in you I think I may find the real partner. You may hold the pocketbook if I may hold your heart. You will never meet another whose homeliness compares with mine. No man has ever held my hand, because he did not know the value of it. Impatiently awaiting an answer, from my heart's desire."

Herman would not admit she was the one he would pick.

## LOIE FULLER IN PERIL.

Fishbone Sticks in Throat and Narrow Escape Is Hers.

PARIS, Jan. 14.—Loie Fuller, the American dancer, almost lost her life as the result of an accident at a luncheon given in her honor by Somerville Story, the editor of the Paris Daily Mail.

A fishbone stuck in her throat, causing severe spasms and then unconsciousness. A doctor worked over her for four hours until he succeeded in extracting the bone and pronounced her out of danger.

She was to receive visitors on Friday. She told a correspondent a curious psychological coincidence regarding the affair. Her friend, Princess Eristoff, the Russian portrait painter, had excitedly appeared at Story's house five minutes before the accident. Although not invited to the luncheon, she ran to the dining room and said that she had come because she knew that something was going to happen to Miss Fuller.

## AIRMEN NOW SMUGGLERS.

Aerial Police May Become Necessary in London Is Belief.

PARIS, Jan. 14.—The first instance of an airship being employed for smuggling purposes has come to the knowledge of the French police. It seems that an aeroplane has been hovering in the neighborhood of Armentieres recently, dropping packets of tobacco and other contraband articles.

ties on French soil. It maneuvered so rapidly that the police could not follow it, and its confederates escaped with the tobacco. It is now suggested that if this sort of thing goes on an aerial police will have to be established.

An aeroplane can hardly cross the English Channel without being seen, must report itself on arrival, and give an account of itself. But such regulations are more easily evaded on a land frontier, and the chase of the aerial smuggler by the police ship may in future yield adventures as exciting as the chase of smugglers on the coast by revenue officers in the old days. Indeed, some French papers think that it will be impossible to prevent this form of smuggling, and that it will in future cause so much trouble that the revenue will seriously suffer.

Lame back may come from overwork, cold settled in the muscles of the back, or from disease. In the two former cases the right remedy is BALLARD'S SNOW LINIMENT. It should be rubbed in thoroughly over the affected part, the relief will be prompt and satisfactory. Price 25c, 50c and \$1.00 per bottle. Sold by all dealers.—Adv.

Salmon Packers Object.

WASHINGTON, Jan. 13.—Salmon packers protested to Senator Chamberlain against a bill introduced by Congressman Lafferty, requiring labels on canned salmon to show date of packing. They say labels are ordered two and three years in advance and any change would involve large expense. They say little canned salmon is carried over from year to year.

LADIES! SECRET TO DARKEN GRAY HAIR

BRING BACK ITS COLOR AND LUSTRE WITH GRANDMA'S SAGE TEA RECIPE.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready to use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

## Gets Right Twist On Rheumatism

Makes Short Work of Cleaning Out Your Entire System—Aches and Pains Go Fast.

In S. S. S. You Get a Twist on Rheumatism That Settles It.

Many a rheumatic sufferer has been to the drug store for a bottle of S. S. S. and been handed something claimed to be "Just as good." Truly, to ask for bread and be given a stone is still in practice. If you are troubled with rheumatism in any form be sure to use S. S. S. and note its wonderful influence.

S. S. S. has the peculiar action of soaking through the intestines directly into the blood. In five minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all work to the one end of casting out every irritating, every pain-inflicting atom of poison; it discharges by irrigation all accumulations in the joints, causes acid accretions to dissolve, renders

them neutral and scatters those peculiar formations in the nerve centers that cause such mystifying and often baffling rheumatic pains.

And best of all this remarkable remedy is welcome to the weakest stomach. If you have drugged yourself until your stomach is nearly paralyzed, you will be astonished to find that S. S. S. gives no sensation but goes right to work. This is because it is a pure vegetable infusion, is taken naturally into your blood just as pure air is inhaled naturally into your lungs.

Get a bottle of S. S. S. today, and ask for S. S. S.

You may depend upon it that the store that sells you what you ask for is a good place to trade. Write to the Swift Specific Co., 244 Swift Bldg., Atlanta, Ga., for their Book on Rheumatism.

CATTLE AND SHEEPMEN BURY THE TOMAHAWK

NORTH YAKIMA, Wash., Jan. 13.—The meeting of the cattle and sheep raisers with the forest supervisors concluded with a harmony banquet at which the breeders of beef and

mutton "buried the hatchet." Mayor A. J. Splawn, a pioneer cattleman, characterized the fraternizing at the same table as an indication of the millennium. As a matter of fact some of the cattlemen are also sheep breeders and the allotment system now in use on the range has done away with the feuds of early days.
